I just downloaded it and at the activation screen it says "please wait" and it continues to do nothing. It's brand new and only been installed in my computer for about an hour. Before that, I just downloaded Autocad 2010 x64 on a different computer, but I didn't have any issues with it. I tried to reinstall and it just does the same thing again.The present invention relates to a process for activating supported catalysts for the gas-phase reaction 3e33713323
