\* \* \* # \*\*Chapter 4\*\* # \*\*Where do You Work?\*\*\* As a matter of practice, I tend to find a job. If I'm offered one, and I'm interested in the company or the job, I'll take it. But it's not the way I'm made. I believe it's easier and better to try to find the job first. —Dean Martin Like many people, I've gone to work for a while, not knowing what I really want to do. Then, I find something that I like and stick with it for a while, whether it's the ideal thing or not. It's not how I would do it if I were designing a career, but the reality is that I've gotten a degree, I'm bored with my career, and I need to make a living. It's a process, but I try to keep my options open and to remember that I always have a choice. In high school, I wanted to be a veterinarian. It seemed like a noble and noble-seeming profession, and I still like animals. I also had a basic understanding of public health. I think I really enjoyed science and biology in general. I played around with computers a bit. I went to college and started teaching high school, but that didn't really work out, because, well, I didn't really like teaching. For a couple of years, I really wanted to be a commercial airline pilot. I thought it would be really cool to be up in the air, and it seemed like a great job. I wanted to be in the cockpit, and I figured that that was one of the best places to make a living in this day and age. A good friend of mine who was flying for an airline was on a flight that we were supposed to take, but it was canceled. It was an Alaska Airlines flight from Minneapolis to Seattle. I was pretty bummed out that I couldn't go to Alaska because I was so excited about it. Then, a couple of weeks later, they called and offered me the job. I flew for Alaska Airlines for eight years. It was a great experience. I had a great time, and I learned a lot. When the economy took a dive, Alaska had to cut back on its flight schedule, and I made the hard decision of having to give up my job. I really liked the company and the people, and I'm still thankful that they called
