Use the G-Wizard CNC Speeds and Feeds Calculator to estimate costs on a per hour basis. It is the market leader used by 100000+ CNC'ers at hundreds of the leading manufacturers. Great for hobbyists too!Grilled Spicy Chicken & Avocado Sandwich on Kaolin, made with 5 ingredients including chicken, grilled and topped with avocado slices, diced red onion, and a kick of sriracha. And for lunch today, I made this spicy chicken and avocado sandwich! I love cooking out of the produce I've brought to the farmers market! Today I was at the North Sacramento Farmer's Market in the Pavilions Shopping Center. I brought the following ingredients: 2 chicken breasts 2 avocados 1 red onion 1/2 sriracha A steak knife To make the sandwich, simply follow these steps: Slice the avocados into very thin slices Slice the red onion thin Grate the sriracha On a cutting board, top the 2 avocados in the center with the red onion and sriracha. Place the 2 chicken breasts on either side of the ingredients. Using a steak knife, cut the chicken breasts in half lengthwise, and then diagonally. Then slice each half of chicken breast in half, and make 4 strips. Now, that is all your components for the sandwich! You can now make it however you like. I just lightly cook each side of the chicken, and then place it on top of the avocados. I didn't do too much grilling on this one
