ShowStars - Hana. ; Description : Dressed in tattered rags, a pretty Chinese teenager shows off her fantastically huge tits at a trash dump. She's a bit nervous about the grimy conditions, and she's covered in

filthy snot and has a runny nose. The tiny teens first lifts up her blouse to show her flat breasts, then her small pink nipples and sensitive areolas, but she takes her time and instead teases you. We see her push her bra straps up her bra cups and we see her hard nipples poking out from the top of her bra cups. She also pulls down her panties and looks at her pussy. She slowly pulls down her panties and they drop to her ankles. Finally, the little girl lifts her dress to expose her flawless teen pussy. ; Tags : sexy asian big tits small dick home made hannah big tits small hannah hana pina popoIn total, it's a task that has taken five years of research for the Natural History Museum's 'cultural heritage' team. And now it's seen

the light of day as a global first: the only remaining copy of the original ‘code of conduct’ which governed humans' relationships with large animals has been scanned, and its contents posted online. The code, which can be viewed in the digital section of the museum’s website, draws on a variety of sources from science, philosophy and theology to indicate the way that society ought to treat large animals. It does, it has to be said, take a very different view of animals than the one we currently have: for example, it advises that ‘[f]or man to ride on an elephant or buffalo is an example of tyrannical treatment’. Photo: Wikimedia Commons But it is a fascinating insight into a time when many people viewed

animals as inferior. That was a view that is shared by some contemporary commentators, who are keen to point out that the code was only written in the 1970s, when the history of animals was only beginning to be understood. “Like most scholars, I believe that the earliest societies of our species had a non-domestic way of treating large animals,” says Dr. Michael Rakitski of Stony Brook University, who has studied the text. “The text appears to be an expression of the essentially anti-slavery position of New York state at the time the code was written
