
Spss 17.0 Serial Number Crack

I have unused spss 17.0 base win stats, serial number but clearly missing an activation code, online customer support said you might . I searched Google for a solution to this problem, unfortunately I didn't find a solution, I'm very confused. Can anyone help me with this? Thanks I managed to fix it.

I had spss 17.0 base win installed on my system with a serial number that I thought was valid, but online customer support can't seem to find it. I used the spss activation code verification tool and it turned out that the activation code could not be found, so I can't use it.
