Description One of my all time favorite spots in Chicago is the rooftop bar at Chop House (It's one of those bars where you're never sure whether to order a drink or not. I always come for the energy, not the alcohol! I love it because it's a lively place, with a great view, and an endless

amount of interesting characters and people. It's also great that they have a "quiet" section of the rooftop with a little waterfall, and a sort of creek bed that has plants and other stuff growing in it. I've tried to capture some of that feeling in this shot, while keeping the moody feeling that Chop House has. 2 3 3 2 3 t o t h e n e a r e s t i n t e g e
