What's New In BLACK WHITE Projects?

ELINAMax is a powerful and easy-to-use desktop application for creating and editing documents. It allows you to create and edit Microsoft Word documents, Photoshop projects, and numerous other Microsoft formats. Your pictures can be merged with

documents, manipulated with powerful photo filters, and even transformed into digital art.

SIMPLESTEP is a powerful software application for converting a file from any digital format to another format.
**NO TABLING! NO PASTEBOARD!
NO FRAME! NO DRAWS! NO
MORE COMPLICATIONS! NO
MORE DIALOGS! NO MORE
ENCODING! NO MORE
EMBEDDING! NO MORE**

SYNCHRONISATION!

SIMPLESTEP is a powerful software application for converting a file from any digital format to another format. In order to do this, the application uses a database that stores the most common file formats. This way, **SIMPLESTEP** can quickly find the format of a file using only its properties and the information contained within it. Comes with all options of the most common file

formats. **SUPPORT** for the most common format of all time: **HTML**. **SUPPORT** for all types of encryption algorithms. **SUPPORT** for all types of file compression. **SUPPORT** for all types of passwords. A small interface with a friendly graphic design. A small size, so it can be used with any computer. **100% FREE** Why just pay for a license? **SIMPLESTEP** is **100%** free to use. However, if you do want to purchase the license, you can easily

do this via in-app purchases. You can select any license, from the absolute Free version (for anyone), all the way to the Top Paid version (for the pros).

MULTIPLE FORMATS (FLASH, JPEG, RAW) The program uses a database that allows you to convert any file to any other format. With **SIMPLESTEP**, you can easily find and convert any file format that you are interested in. So what can you do with it? You can easily: Update your

website. Resize your photos. Create PDF documents. Save your documents in various formats. Compress and decompress your files. You can easily create and edit your documents using the program. When you open a document, you will see a list of all the formats in which the document can be saved. If you click on any format, you will see all the information that you need to know about it. **TOTAL CONTROL** The program allows you

to perform numerous actions using one of the best interfaces. The interface is simple, intuitive and well-organized. This way, you will be able to perform all
