I tried uninstalling the program and reinstalling and I still have the same problem. I have no idea how to fix it because it hasn't been updated in several months. (3) Your rating: NoneAverage: 4.7(5) by Time: May 8 2013 | 03:31PM EDT I use this with Media Player and Winamp. It works and does exactly what I want. (6) Your rating: NoneAverage: 5.0(4) by Time: Apr 7 2013 | 05:01PM EDT I love this app. I use it to create playlists for all my sources. But what I don't like is that the settings option never remembers the choices I've made. It always default back to the "popular" and it's nearly impossible to select a specific genre. (7) Your rating: NoneAverage: 4.0(1) by Time: Mar 6 2013 | 08:55PM EDT My experience was positive. I also used it to create Genre Playlist Builder. I think it's a good solution. Unfortunately, it doesn't work on the Mac. It freezes and never comes back to life. (8) Your rating: NoneAverage: 3.7(4) by Time: Feb 9 2013 | 04:24PM EST I just want to let everybody know that Portable Genre Playlist Builder works on both my XP and Windows 7 computers. I use it on both. Its a wonderful little tool. (9) Your rating: NoneAverage: 4.0(1) by Time: Jan 8 2013 | 04:49PM EST I want to share with you that I use Portable Genre Playlist Builder to create playlists for my iPod Touch and also for my iPod Classic. I really like the way it allows you to add/remove/change items and also the name of the playlist. (10) Your rating: NoneAverage: 4.0(5) by Time: Jan 4 2013 | 03:40AM EST I've had good luck using this program. I used it to create Genre
