I'd recommend checking out the Last Conflict guide that has a full list of all potential subclassing changes including the exact mechanics you can expect from those classes (some are on the spoiler thread). Scroll down to the bottom for the class specific aspect of that. If you're interested in some general info on the changes you can check out the LotRO Wiki article on the changes. Yes, it's been a while since that guide was written but it has all of the general information you need in one place. Some of the info in that guide is from beta information but I imagine that's more or less how the guide will still be updated in the end. I think the nature of sub-classes was what bothered me when the "you have to wait until level X to start using subclassing" became the norm. While I guess that could work out to be fair, I don't really like the idea of it. I like how the constant sub-classing in each 'class' can be kept as idealistic as possible since you're the same class every time you level 3e33713323
