The Order is: More Edited - Later At a later date Never Edited This is what I am trying to do but of course it is not working: \$r = mysql_query("SELECT * FROM comments ORDER BY com_ed_date DESC"); A: The order in your result array is not what you are expecting. If you use LIMIT to select only the top 50 and sort the array, you will see the order that your data appears in the database. \$r = mysql_query("SELECT * FROM comments ORDER BY com_ed_date DESC LIMIT 50"); // loop through the result while(\$row = mysql_fetch_assoc(\$r)) { // do something with the result } Sen. ADVERTISEMENT "It does not weaken the position of the president," Levin added. "It just gives Congress a little more leverage." However, he said if Congress were to ratify a new agreement with Iran — something the administration has not yet publicly committed to — that would weaken the authority of the president. Congress has 60 days to either formally approve or reject the nuclear deal between Iran and six world powers and has begun debating it. The White House has been pushing the agreement, saying it would prevent Iran
