FAQ I have a more detailed picture and
information about the app, please feel
free to contact me: You can send me a
message at: [private] Other questions
about the app Will it cost me money?
Yes, it will cost you money to try out
the software in a free trial. If you want
to continue using Mediwise after the
free trial, you will have to purchase the

software. The pricing depends on your use of the application and your service level. This varies between 30 and 60 euros per month. What if I do not have space for more than 30 patients? Just contact us and we can add more space to your plan. You can have unlimited patients in your plan. Who is admin? Admin is you! If you are a doctor, you are also the admin of Mediwise. Will I be able to visit patients that are not part of my clinic? Yes, your online medical record can be used by other medical clinics as well. Mediwise is a clinic management solution that allows doctors to ease their work. Designed

especially for medical clinics, this utility is easy to use and provides a cost-effective system for managing patients and keeping track of medical history. Doctors can use it to keep track of their patient visits and appointments, while clinic managers can manage expenses and patient accounting. Appointment scheduling, financial management and medical history tracker are just some of the advantages that this application brings you. Will I be able to use this app at work or other work places? Yes, we will give you a password. You can use it at your leisure. How do I contact

you? We will reply to your e-mails and your contact will be the chat option in the software. Are there any limits on the amount of patients I can have?

Yes, the amount of patients you can have depends on the plan you choose. You can see the plan prices by clicking [here](#). Does the software include my medical history? Yes, the medical history is a part of the software. You will be able to store your patients medical history in the online medical record. Does Mediwise offer discounts? No
