## What's New In?

Picea is a tabbed internet browser with Web Thumbnail and Webviz Technology. Picea is featured with a customisable mouse gesture and Web thumbnail functions. Picea also has an RSS ticker function so that you can quickly view and get information from RSS website directly in the browser. Picea has a built-in Pop-up Blocker that you can use to block a webpage from displaying on the entire screen. Picea is a tabbed browser so that you can quickly switch to a different website with a single click. You can also make a webpage thumbnail on the left side of the browser so that you can quickly access the specific website with just a single click. Picea is fully compatible with Apple, Microsoft and other personal computer operating systems. Picea Webviz Technology Picea Webviz Technology gives Picea an intelligent, image-recognition system. This Webviz Technology makes it possible for Picea to automatically recognise and display the right images from the websites that you are visiting. This will make Picea a more interesting, more convenient and more helpful browser for you. News You will find below some information regarding the latest Picea news. Version 9.0 released Version 9.0 of Picea is now available for download. This version enables you to drag and drop any tab to another tab. You will also find new tab options, such as: - Move to New Window - Move to New Tab - Move to New Private Window and the following in the new tab setting page: - Automatic New Tab - New Tab With Default Homepage - New Tab With Customized Homepage - New Tab With Customized Script ( For Homepage ) One of the main features in this version is the - Web Thumbnail System After this feature is turned on, every website that you visit will be automatically converted to a thumbnail image so that you can quickly locate the exact website by clicking on the thumbnail image. This thumbnail will look very similar to the standard Netscape logo but will have a Picea name and logo. In addition, Picea will display two icons along the right of the thumbnail image: one for the main Picea window and the other for the Web-Thumbnail icon. You can set the icon to be a different colour (that will also change the colour of the Picea logo) by selecting the thumbnail colour in the "Customize Thumbnail" page. Picea also has a new RSS ticker function that will automatically download and display the latest RSS Feeds from RSS websites you have subscribed to
