If you're committed to cycling on a budget, it doesn't make much sense to buy a one-size-fits-all bike that you can't live with. The best cheap bikes are the ones that work the best for you. However, if you want to save some cash, don't forget that a higher price doesn't always mean a better bike. You might actually end up with a lower performance, reliability, or durability. Before you spend your money, consider the value and quality of the bike you're purchasing.Q: Memory leak when using StreamWriter? I wrote a program for a class in which you read in files, open, and close the files. I decided to use a streamwriter and it worked fine until I took the code to my memory leak test. I have no idea how to fix this. public class SoftwareLag { private int incount; private int quot; private int quot; private int ichan; private set; } public int IChan { get; private set; } public
