Golden Christmas Tree Crack + Download

Golden Christmas Tree Download With Full Crack is a small desktop enhancement program whose purpose is to help you place an animated Christmas tree on your desktop. You can deploy the tool on all Windows versions out there. Requires no installation You do not have to follow the steps embedded in an installation process because the utility is portable. You can open its interface by running the executable file. In addition, you may open it without being an administrator. Since it does not interfere with Windows registry and create additional configuration files, you may uninstall it by deleting the file that you have grabbed from the Internet. You may also drop it on USB flash drives to have it with you all the time. Animated design and a few configuration settings As soon as you run it, Golden Christmas Tree automatically places a red Christmas tree with golden tinsel. By default, the tree is displayed just above the system tray area, and you are allowed to move it to the desired screen position using drag-and-drop actions. White shining stars are also flowing around the Christmas tree. In order to access the configuration parameters, you need to right-click on the tree. The application offers the possibility to show or hide stars and a garland, adjust the opacity of the tree by choosing between several preset values, and keep the tree on top of other windows. You can also run the tool at Windows startup. Tests have pointed out that Golden Christmas Tree carries out a task quickly and without errors. It is not a resource hog so you can keep it running in the background without worrying that it hampers your computer's performance. Final observations To sum things up, Golden Christmas Tree provides a simple and intuitive software solution for helping you ornate your screen with a Christmas tree, and can be configured by rookies and professionals alike.
