**!!TOP!! Full TruNest 2009**

Resolved: We have AutoCad 2009 LT installed on a computer where it is not needed and we would like to move it and the license to another computer. I. I have licensed Autodesk AutoCAD LT 2007 installed. I. When I select "Reinstall Software", the question "How can I back up my current installations" appears. I. I want to install AutoCAD on another computer, but I don't have an AutoCAD license and want it installed on this computer. Question for those who have experienced "reinstalling" Autodesk AutoCAD LT 2007 to AutoCAD LT 2010 LT using the wizard.
