In the RPG game Kingdoms of Amalur: Reckoning, you play as Amaius, who returns to his homeland in the East to avenge the murder of his family. You'll have to face off against other warriors, elves, and dragons before you can get justice MechWarrior Online is a multiplayer game that is the sequel to one of the world's most popular strategy games. MechWarrior Online allows players to engage in real-time battles against other players or against artificial intelligence. A fascinating, varied and fast-paced game developed and published by Bohemia Interactive, MechWarrior Online gives you the opportunity to play alone against the computer or fight with other players on a server All the basic features and functions of the famous Total War strategy game are complemented in MechWarrior Online by a new and unique concept. In this game completely redesigned with MechWarrior in mind, players will fight for one side of the conflict - Ordnance Corps, Ion Cannons, or Radiation Cannons. As you might have guessed, each of the 3 opposing factions will own their own unique set of powerful yet unique combat vehicles. The main advantages of the game include: - Awesome, varied gameplay, which includes several game modes. - Incredibly well designed game world that will not leave anyone indifferent. - Colorful special effects and realistic car behavior. - A huge variety of characters and costumes. - Various single player maps that can be modified. (In addition, you can create your own map, using special editor, where a huge number of settings are available). - Network Game. (First of all, we want players to be able to play each other over the Internet, but it's also a great opportunity for game developers to create network game modes in which other game developers can participate. You'll be able to create games using the capabilities of our Lua tool). - Support for playing games over the Internet. (In this mode you will be able to play together with your friends and other players. To do this, you need to have a Lua server installed, and your friends - the client.
