A Special kind of magic is at play; once you step on the stage you are instantly surrounded by a brilliant light; the lighting effects are awe-inspiring. It's an emotional roller-coaster. You're at the mercy of your own nerves and emotions. I entered the classroom and sat in front of him, X knew it was me even before I showed myself.. Lebanese designer Claude Abbas inspired by Mao Zedong's philosophy of Chinese communism and revolutionary message.. no-re-render, I want some of your time. 4:33 P.M. The Autobiography of Malcolm X as told to Alex Haley. Add the following icons to help make this website better. Thank You! 8:19P.M. The Autobiography of Malcolm X: As told to Alex Haley. SYNOPSIS: The Autobiography of Malcolm X begins with Malcolm X's life, in the extraordinary context of the twentieth century United States. Soon after Malcolm X was born, his father, Earl, returned to his native land of Port Louis, Louisiana, leaving the young Malcolm and his mother, Ella, orphaned. To fend for themselves, Malcolm X and Ella moved in with Malcolm's Aunt Lucille in New York. Throughout his life, the family found itself on the margins of both black and white society, and along the way Malcolm X encountered vices and virtues. This, coupled with his own experiences and the experiences of the African-American community, led to a growing political consciousness. The Autobiography of Malcolm X: As Told to Alex Haley.
