DRPU Database Converter - MS Excel to MySQL is a piece of software designed to help users convert any of the Excel databases they have on their computers into MySQL-supported formats, all with only a few mouse clicks. In the event that users have been saving their database records in the form of Microsoft Excel spreadsheets and they want to move these to MySQL databases without much effort, the MS Excel to MySQL converter from DRPU is a tool that can offer all the necessary capabilities for this process. With the help of this application, users can select any of their Excel worksheets and convert them to MySQL in a few simple steps, regardless of the MySQL or Microsoft Excel versions they are using. Furthermore, the tool allows users to convert either entire spreadsheets (which often include bulk database records) or to select only specific parts (table entries) that they want to move to MySQL databases. The application comes with support for converting all major database constraints, along with datatypes and attributes, for a comprehensive conversion experience. At the same time, it allows users to select the destination they want for the converted database records. DRPU Database Converter - MS Excel to MySQL has been designed to provide users with database conversion capabilities without having to write database queries. The tool automates the entire conversion process, which makes it suitable for a wide range of users, including those who do not posses advanced computer skills, as well as database professionals and software programmers. In order to deliver the expected results, the application requires that MySQL is installed on the user's computer, and also that it is properly configured. In fact, the tool asks users right from the start to provide their MySQL server name, as well as their login name and password. After that, users only need to select the conversion option that suit them best, and the tool does the rest.McClelland, Darryl L. January 19, 2006 McClelland, Darryl L. Darryl L. McClelland, 66, of North Ridgeville, died on Tuesday, (Jan. 3, 2006) at Putnam County Memorial Hospital in Carmel. Mr. McClelland was born Oct. 25, 1940, in Canton, to the late Louis James McClelland and Mary Jane (Marland) McClelland. He retired as a teacher in the Canton Area School District. He was a member of North Ridgeville United Methodist Church and Active in the Sons
