July 12, 2016 - I'm running a 2.5GHz quad-core 64-bit operating system. maybe the dll files are quarantined (C:\Autodesk\WI\Autodesk 3ds Max .dll) or any other files I can use to get more details? If so, how can I access the dll files? Also, in Internet Options -> Security -> Other -> Advanced Options -> Sites, for each site, I see the following: Encrypted and On. for all nodes. Where can I find a list of these sites (where can they be in C:\Autodesk\WI\Autodesk 3ds Max .dll or somewhere else where I can access them)?
