A: I've had good experience with CoNverter Easy Translator Crack Mac does not appear to be as comprehensive as CoNverter, but it does appear to do the job. CoNverter Requires Google Play Services More information I've used it for finding phrases in.docs and.msdots, and also to translate whole documents. I've never used it for speech though. I'm not sure how well it performs on mobile though. I haven't tested it on my phone (it's a tablet), but I believe it does work well. The downside to CoNverter is that it doesn't work on Android below 5.0 or so. I've also never had it crash (there have been some issues with it freezing, but they could be user errors).
