
Artificial Girl 3 Save File Download

Farvardin 8, 1393 AP - Girls created with the maker are saved in the "Artificial Girl 3\data\save\m_cha" folder. Each saved girl consists of the following files: First, you have to load the dgVoodoo file, in it press "MS" and then "x86". You should notice that each girl in the "Artificial Girl 3" folder has its own files and settings. For example, each girl has her own skin color, clothes, hair and accessories, they can be edited in the dgVoodoo file. In the "Artificial Girl 3" folder there is also a "m_cha" folder, which is a folder created with Maya. It stores all the model animation data that you load into Maya. You can run the Maya program in the "Artificial Girl 3\Maya" folder.
