Sib Icon Editor [32/64bit]

DESCRIPTION Sib Icon Editor is a small but powerful tool with the help of which you can unleash your imagination and easily create any desired icon. Easy to use, small in size and compact in resources, it makes use of little system resources and you can even get inspired from already existing icons. WHAT'S NEW Tweaked mouse sensitivity settings. Known Issues Summary [+] The application is created to be small, light, quick and simple to use, yet offering all of the required tools for creating your own icons. [-] The results are really not that great, as it could be much more efficient and accurate. [+] 4 new icons added, found by the user, and updated on the Sketchfab-based website, [aka the icon design factory]. [+] All 9 included in the application are the ones available in the official website. You like the content, please donate! The installation of this OTO gives you access to the 25+ modules we've previously released, for a flat monthly fee of \$15 (which buys you nothing, but gives you that right to use all of the content for a month). This is a very low price for such a comprehensive package, and the only real reason we charge this price is so that we can have the type of freedom to provide these products that we do. Every one of our products is intended to be used by the user and for the user alone. We don't produce them to sell them, or allow them to be sold on. They're meant to be used, and that's how we intend to use them. Flat rate of \$15/month, which equals \$5/day (if you pay monthly). It doesn't matter

what day you sign up on! 30+ modul One time payment of \$15 No monthly payment of any sort! Top Quality No typos and no missing words Minor mistakes are not included Quality and style of the website No plugins Modules are independent and don't require any external links to work Updated Weekly, unlike other OTO's out there Is for a single use, which means that you can do with it what you want, but it won't last for a month, unless you pay for a special license. You can sign up for one year at a time. What I mean by this is that it's only intended to be used for a single sale. If you're going 09e8f5149f
