## ImTOO Photo Slideshow Maker [Win/Mac]

ImTOO Photo Slideshow Maker is a useful software solution designed to help you convert images and create a photo slideshow that you can play on multiple devices, including your iPod, iPhone, iPad, Apple TV and more. It supports a wide range of output media formats including AVI, MPEG, WMV, DivX, MP4, H.264/MPEG-4 AVC, RM, MOV, XviD, 3GP and others. You can create photo slideshows in any video format. It is a cross-platform software solution, which will work on any Windows OS. The software also comes with a wide range of transitional effects, with fade-in, fade-out, zooms, fades and more. With its basic feature set, it is a simple slideshow creator tool, but there are a number of useful add-ons to offer. It is capable of creating a slideshow which syncs automatically with your iPod, iPhone, iPad, Apple TV and even your desktop. It has a fairly intuitive user interface that makes it easy to use. It does, however, do have some limited support for photo effects. It can also add some useful text overlays, zooming features and more. Key features: 1. Create, transform and output various types of photo slideshow with background music and so on. 2. Convert different types of photos, slides, and movies into one slideshow. 3. Overlay text with any selected images. 4. Support multiple languages. 5. Enhance the slideshow with transitional effects. 6. Fade-in, fade-out, and zooms. 7. Add music and other effects with a click. 8. Automatically play the slideshow on your iPod, iPhone, iPad, or Apple TV. 9. Manage and optimize all of your output slideshow. 10. Create high quality output movies and DVDs. 11. Support audio and video format conversion. 12. Support several languages. #5 Tadaa Photo Editor Tadaa Photo Editor Rating: 4 out of 5 Price: \$39.95, Status: Released Updated: 13/05/2014 Recommendations for the Tadaa Photo Editor Strongly Recommend Title Description Tadaa Photo Editor Tadaa Photo Editor is a handy photo editor software for Windows. It is ideal for beginners who are new to using the software,

### What's New in the?
