Digital Photo GalleryDescription: Digital Photo Gallery is an intuitive and simple picture viewer. It allows you to view, organize, print, and even share your digital images. Digital Photo Gallery runs in the Windows environment, and includes a variety of useful features, including metadata management, slideshow, and audio capture.

IMT NIBEXDescription: IMT NIBEX is an application for the management of Tagged Image File Format (TIFF) based images on mobile devices. It supports over 50 different image formats, including EPS, JPEG, PNG, GIF, SVG, TIFF, BMP, JPG and PDF. With IMT NIBEX, users can add metadata, create a unique path for an image, as well as create custom tag folders, filter images based on metadata or find duplicates in their collections. Metadata can be added or edited directly in NIBEX or through a file based interface.

Photo ResizerDescription: Photo Resizer is a Windows 1d6a3396d6

Musonya JustFilter Standard Crack+ Download X64

Musonya JustFilter Standard is an application created for home users is a free Internet filter. This program blocks inappropriate sites on the internet. You can use this useful product for your family totally freely. Musonya JustFilter Standard, designed with new techniques is a very useful product. Just installing the program is enough. When the program runs for the first time it will immediately download the Blacklist update package and start filtering. The first update can take about 10-15 minutes. Further updates will take only 2-5 seconds. The program automatically gets the Blacklist updates. You don't have to do anything. You can also make your own prohibited sites list if you wish. It is also possible that you can allow a site which is listed in the original Blacklist. If you think the original Blacklist is adequate you can make the admin list passive so that you can have a slight performance increase. After you install the filter on your system, you will not feel that it is working. It will do its job at its best while using very less system resources. We guarantee that you will use this totally free product with complacency. We believe you will also recommend this product to your friends. Key Features: ✓ Blacklist update feature ✓ Administrative Blacklist ✓ Passive admin blacklist ✓ Optional user blacklist ✓ Start and stop feature ✓ Automatic installation and uninstallation Advanced Registry Cleaner 2010 3.1 Advanced Registry Cleaner is designed to remove all temporary files and files generated from your web browser.
