

Download Java Me Application Mobile Phone

This lesson focuses on the Java ME Platform SDK, a state-of-the-art mobile and embedded development toolkit. During the lesson, we will understand the basics of working with Java in the .NET Framework format, create the first project using Visual Studio 2017, and see how the development environment works using a graphical editor. In the lesson, we will study modern data structures and the features of their use in Java, create our first Java program, work with files, build a simple program that creates a button and run it for execution. Session duration: 1 hour 30 minutes
