The game is an installment in the James Bond series of video games. James Bond 007 Blood Stone is a third-person shooter video game with a mix of action and stealth elements. Players control James Bond, and are tasked with completing missions and saving the world. James Bond 007 Blood Stone is a third-person shooter video game with a mix of action and stealth elements. Players control James Bond, and are tasked with completing missions and saving the world. The game is divided into three main scenarios. In the first, Bond travels to South America to retrieve a diamond. An announcement was released in January 2014, stating that the game would be released on March 14, 2014. On January 16, 2014, it was revealed that Blood Stone would be released in Russia on March 7, 2014. On March 1, 2014, Kontingent released a trailer for the game, explaining some of the story and showing a gameplay trailer. The game features an all-new mission structure that moves away from the linear gameplay of previous games. It features a larger number of missions, and an increased focus on stealth, as opposed to previous games where the stealth focus was much stronger. Plot James Bond 007 Blood Stone tells a darker story about James Bond as he ventures into a ruthless world of high-tech assassins, corrupt billionaires, and dark agencies. Bond must confront a web of spies, cybercriminals, and criminals operating out of an island paradise. A new Danger. A new mission. A new secret agent. Gameplay James Bond 007 Blood Stone is a third-person shooter, similar to other games in the Bond series, such as GoldenEye 007 and Tomorrow Never Dies. Players take control of James Bond, and can only move around with his arms. Players will need to use gadgets to solve puzzles, kill enemies, and otherwise navigate the game. Throughout
