What's New in the Small Web Icons?

Do you have an idea, or do you know a designer, that is willing to pay if he finds the icons he needs to complete the project and send you the proofs? Feel free to contact me through deviantart! Thank you very much! All of my icons are watermarked with the name and site of the person who commissioned them, so that you know they are mine and not some other person's icon set. If you don't mind, please be so kind to leave some feedback. Icons and icon sets are included in the collection. You can download them individually (just select the icon you like and the icon set you want to download) or use the pack as a whole (icons included). The idea behind this collection is to create an icon font that could be used in various projects with different ideas. I hope this font will help you to create great looking designs and impress your clients with beautiful projects. Latest version: January 20, 2017 Description: The fonts used in this pack are completely

System Requirements:

How to install: Where to download: What is it? The goal is to have games for the Atari 8-bit computers that are easy to get running on modern Macs. (Yes, it's going to be a compilation of games. I don't think the Atari 2600 works on any Macs at this time.) There are a lot of great games out there, but they are either in some obscure format, or not playable because the game runs on an unsupported platform. That's what this is about. They are easy to get running
