Review Visual Paradigm Enterprise Edition Portable Your Name Your Review Version Rating Current Version Visual Paradigm Enterprise Edition Portable 10.0 User Review - Maylin Miller - Version 1.0 Great software but not for me. I'm a UML only user and I think I will be able to get by using the easy UML tools I know, so I will try and stick with those. I'm on OSX, so I do not have a chance of using the Java edition. If you are a programmer, you might get a lot of value out of this. I'm not.
