Kate Winslet and Leonardo DiCaprio do a great job as a young couple, even though their romance is such.

In this video I talk about Titanic. I will not write about the plot, in short I can say that it is great. But let's look at the actors. Leo is just perfect. He is not afraid to show his sentimentality, and sometimes looks like a child. He can cry for any reason. He can be funny. He can show that he is like everyone else. And maybe show that he is not of this world. He perfectly played Jack in all three films where he plays. And of course he played in the Titanic, and he just played brilliantly!
