What's New - fix a problem with card recovery scan- fix a problem with sync You're standing on the top of a mountain wearing a cheap, speckled suit, lapped in clouds of martinis, the last one a revolting ball of fog in the shape of JFK. After an hour of stumbling, you're fully intoxicated, and take another, more cautious step. And then you realize: you're standing on a volcano. You can hear rumbles and booms, some of them deeper than others. As you struggle to assess the situation, your dinner plate shatters to shards, and you're staring into a mouth of spitting lava, the molten rock enveloping you from all sides. You've now been stuck on a volcano for several hours, and a small, crackling flame is growing in the center of your chest. You lick your lips, and one of your canines begins to sprout a tiny tongue — the first thing to be born in over a week. You're sick and tired of being stuck
