Soma automatic login sm-4s.Q: Google Maps v3 API, Zoom in/out on user click with Ajax I am trying to implement an auto zoom function on the google maps api v3. I have successfully implemented it on the map, however, i'm having some issues with zooming on the current zoom level. The user should be able to click anywhere on the map, and zoom, or click again and zoom out. On the Google Maps API v2, this was done with the zoomend event. I'm not sure if you can do this on the API v3. I got my hands on a sample that shows it, but i'm not sure if it is in the map or in the api i'm working with.
