“Our developers have worked tirelessly to create a robust gameplay engine in FIFA 20. Our digital artists have gone above and beyond to create accurate player models, animations, and game physics,” said FIFA Chief Creative Officer at Electronic Arts, Peter Moore. “We wanted to continue this excellence in FIFA 21, so we set out to improve the technology and gameplay systems while emphasizing a bolder style and design.” The goal of HyperMotion Technology is to create an authentic soccer experience with gameplay that allows players to instantly react to their surroundings and react to them all at a level of true-to-life precision. It will also allow players to have an increase in reaction speed, decision making and confidence to perform at the highest level of the game. “FIFA 22 will feel fresh, fluid and play in a new way. It will feature fresh gameplay features, with a deeper level of intelligence that will allow players to rise to the challenge and compete for the ball with integrity,” added FIFA Executive Vice President Matt Bilbey.

“With these innovations, we’re delivering an unprecedented experience to the fans and players of football, giving them access to the next level of soccer.” New Features Introducing “FIFA Champions League,” which will place players into an all-new interactive and challenging scenario that will allow them to play through an international competition-level experience featuring the finest teams in the world. The new league features the return of the UEFA Champions League in FIFA 22, which is supported by licensing from UEFA, and will feature more than 90 teams competing for the Champions League title. Players will take control of their favorite teams, experience the pressure of a new league and compete as the UEFA Champions League winner. The new game mode allows players to choose their favorite global club and customize their team before taking on all-new challenges where you’ll gain access to a complete range of new features and events. The new Training System is designed to help players develop their personal skillset. Using the Digital Muscle development system, players can now focus on specific elements of their game to improve their technical and tactical attributes – from improved passing accuracy to dribbling and physicality. Players will no longer

### **Fifa 22 Features Key:**

- Become the best in The World Cup with a fully animated stadium, authentic kits, and an expansive stadium atmosphere.
- Take over the responsibilities of your favorite club in The Manager mode. Run your club to glory and create the next performance star.
- Upgrade thousands of new and classic players in Franchise mode. Unlock the entire player collection with the FIFA Ultimate Team card packs.
- Whether you're managing or competing, return to the pinnacle of competitive football in FIFA 20, where they still live: The World Cup.
- Sophisticated new elements like "Animated Stadiums and New Skill Animation Technology" add even more to the authentic experience.
- Bring your friends in online, split-screen FIFA mobile and local co-op play (online mode).
- FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power gameplay.

redefining sports video games in the process. What's New in FIFA 20? The technical evolution in FIFA 20 makes everything smarter. From new corner detection, better ball perception, to completely redesigned artificial intelligence and gameplay, FIFA is now even more closely aligned to real-life football. Experience Few sports are as deeply entwined with the history of the game itself as soccer. Play the most popular sport in the world; create the game of your dreams; play it, share it, challenge it, and #LeadTheChampionship. By connecting players, clubs, kits and weather, FIFA 20 continues to evolve the most extensive game engine in sports gaming. The real football world is yours to access when you connect to MyClub – the most comprehensive online community ever available – that will help you enhance your FIFA gameplay with challenges, your friends, and training clubs around the world. Live Events The live experience isn't just a gimmick, it's a deep-seated core feature of FIFA – it's what FIFA is, and what it will always be. FIFA 20 introduces a revamped live experience, from the way a match is played to how you prepare. Live now looks as good as any other mode, with an all new broadcast system bringing up to 1080p HD video, including dramatic

goal celebrations, in-play manager instructions and more. Be a human host and pass the football from the sidelines. Participate in online matches, and set up event venues. Host a competitive tournament or create challenges within the game. And when the game releases on May 29, you'll be able to play matchmade games at FIFA.com for a completely new experience of in-game matchmaking for the first time. This will make sure you're matched with a team or club comprised of players with whom you can have a natural rivalry. Play any game mode to your liking: create your dream team, play as your favourite clubs, play exhibition matches or create the tournaments of your dreams. A new feature in FIFA 20 lets you design stadiums, clubs and teams wherever you want, leading to entirely new gameplay possibilities. The National Team
