1. **Open the file you want to edit.** Photoshop opens a dialog box with a drop-down menu on the upper-left corner. Choose File and then Open. The Open dialog box appears, as shown in Figure 1-3. **Figure 1-3:** The Open dialog box can be used to select an image file or any other type of file. 2. **Select the image you want to work with.** Select the file by navigating to the image and clicking the Open button, or by clicking the Browse button and finding the image to be worked on in your image folder or your computer's drive. The image opens as a raster (bitmap) image in the program window. A raster image has many pixels of color and a slight fuzziness to the image that gives the appearance of high quality. The images in this book are all bitmap images. (JPEG images are also available in this book.) You can also use vector images — specifically, Adobe Illustrator files — in your projects. 3. **Adjust the settings as desired.** The Adjustments dialog box has four tabs (Figure 1-4). On the left side of the Adjustments dialog box you see a Select a tool button (the brushes and the color panel are tools). To the right of the tool button is the panel that displays any tools that are active. The active tools are indicated by a green box. **Figure 1-4:** The Adjustments dialog box enables you to modify the image in various ways. 4. **Adjust the settings by clicking and dragging a slider bar, placing a number next to the slider bar, or typing the desired setting.** After you click a setting's slider bar, the value of the setting appears to the right of the slider bar. As you click each of the settings, you see how each setting will affect the appearance of your image. The smaller the number, the more that the setting affects the image, and the more it shows. The larger the number, the less that the setting affects the image. 5. **Select the Edge Blending (Off) and Highlight (On) options to create an edge that fades to white or black.** You can choose any edge you want to fade to

\*48 (emphasis added). As a result, the court considered whether the Regulations promulgated under the Emergency Medical Services Systems Act governed, and concluded that they did not. Since the City's credentialing process is undertaken pursuant to Fla. Stat. Ann. § 44.32(1)(c), rather than the Emergency Medical Services Systems Act, the court held that the plaintiff would be time-barred from asserting his claim. Our review of Florida law leads us to conclude that the above-cited cases are not consistent with the substance of Rule 1.670(a)(2). A plain reading of Rule 1.670(a)(2) leads to the conclusion that Rule 1.670(a)(2) bars the plaintiff's action only if it would be barred under the Florida Rules of Civil Procedure by the applicable statute of limitations. We believe that the 1990 amendment to the foregoing rule was adopted in response to *Mitchell v. Beckman*, 250 So.2d 308 (Fla. 1st DCA 1971), in which the Florida First District Court of Appeal held that rule 1.030(b) was not applicable to a workers' compensation case. The applicable statute of limitations for workers' compensation actions is, according to the district court, three years from the time of injury. Therefore, the question becomes whether the plaintiff's complaint is time barred by the statute of limitations. The amendment to Rule 1.670(a)(2) is effective April 1, 1990. This amendment applied to all actions pending at that time. Plaintiffs contend that the limitations period for bringing an action under the Social Security Act is six years. Since the instant action was filed on June 21, 1993, the plaintiff argues that his claim is timely. We agree. It is clear that the Social Security Act does not contain a limitations period. Most courts which have considered this question have held that the applicable limitations period is six years, pursuant to 42 U.S.C. § 405(g) (1982). See *Aldrich v. Bowery Sav. Bank FSB*, 738 F.Supp. 1210 (E.D.N.Y.1990); *Brin v. Norden Sys., Inc.*, 738 F.Supp. 514 (N.D.N.Y.1990); *Jacoby v. Dept. of Health & Human Servs.*, 740 F.Supp. 1068 (S.D.N.Y. 1990). The Social Security Act contains a two-year
