Experience some of FIFA's most demanding AI and User Interactions for the first time. Enjoy AI that is more intelligent and plays better. Hack, tackle, dribble, pass and score like never before with more accurate and realistic interactions. Let the game play the game - in-depth Artificial Intelligence that works for you. The latest iteration of the FOX Soccer Engine delivers the most realistic and immersive gameplay experience on Xbox One and introduces the new "Goal Rush" system, an AI and physics based goal celebration system that powers the most dramatic and dynamic scenes. Score goals, shoot, switch sides, block shots, and celebrate like never before with more realistic ball physics, AI and goal celebrations. A.I. improvements, a more balanced transfer system, customizable playing styles, deeper squads, additional variants and International Friendlies adds another dimension to the FIFA experience. On Xbox, the experience is enhanced with a new 4K resolution and support for the HDR10 standard on Xbox One S. Game modes include Quick Match, Online Seasons, Offline Seasons, Online Leagues, Local Seasons and Online Friendly matches. This is a glimpse at how next-generation soccer will offer the most realistic, intelligent and immersive gameplay experience on Xbox One. The FOX Soccer Engine delivers fluid and responsive gameplay like never before. Players exhibit the same exceptional ball control in the air as seen in real-world play. The new "Goal Rush" celebration system adds to the realism and emotion of the game. Players have as much control over the game as they would in a real match, with more celebration reactions, collision effects and the ability to switch sides. At its core, FIFA 22 delivers the most authentic and realistic soccer experience on any console. Featuring real-world collisions, the new "Goal Rush" celebration system allows the player to celebrate in a variety of ways, including feigning injury, tackling and tossing a player to the ground to "ride" on, as well as celebrating naturally and efficiently. Deep artificial intelligence powers players' emotional expressions, while new face filters and details to the player models give the game a visually-authentic and rich world. FIFA World Cup Russia 2018, out September 29, 2018, offers the most comprehensive presentation of a FIFA World Cup ever seen on Xbox One and Xbox One X. The video presentation provides the full 360-degree experience of the tournament with up to four million local HD cameras simultaneously working in real-time, using 30GB of local storage and mirroring the broadcast feed to

The Eurozone officially expands to 12 countries at midnight Eastern time as Cyprus and Malta become members and the Czech Republic and Slovakia also join the group. The news of their additions were quickly followed by comments from both sides. "Greece is finished, it has lost the capacity to finance itself. If the troika gets what it wants - which is to have Greece exit the eurozone and (go) back to Greece - the country will lose 90 billion euros, if not 150 billion," said one Greek politician. "Any member state could have gone out of the eurozone," said another. This despite the fact that a European Union official

acknowledged Sunday that last month's bailout of Cyprus was an unprecedented move. "To my knowledge," the official said, "Cyprus' failure to be able to act as a member-state has never been dealt with as a snap decision, as we have in Cyprus." German Finance Minister Wolfgang Schaeuble was equally blunt in criticizing the bailout of Cyprus, whose financial system was especially vulnerable to the international financial crisis. He said the deal for Cypriot bank deposits was "unacceptable," and "one-sided." "Cyprus was not a member of the eurozone," he said. Slovakia gets new police chief Meanwhile in Slovakia, the appointment of a new police chief was announced Sunday, the first after the ouster of Police President Tibor Gaspar. Slovak Interior Minister Robert

team based on global fan votes, was named after its lineup of iconic world stars, including Lionel Messi, David Beckham and Zlatan Ibrahimovic. FIFA 13, our most popular game in franchise history, broke down previously untouchable barriers like goalkeepers and set new standards for social integration with Ultimate Team. FIFA 14 built on that success with the all-new dynamic 3D World, awarding fans with the ability to create their own personal stories through gameplay interactions with club icons like Cristiano Ronaldo, Diego Maradona, David Villa and many more. FIFA World Cup Soccer™ delivers the most realistic soccer experience on any platform, with more live events, depth and breadth of content than ever before, brought to life through next-generation visuals. Take a look at what our fans have been saying about FIFA: "It's just the right amount of authentic." "FIFA is everything the NHL should be, but isn't." "It gives me a refreshing new way to play FIFA, just enough to keep you coming back, but not so much that it makes it bearable." "Best game in the franchise ever." "At last!" "I'm going to have to remember to hit the auto-pass button when playing for England."
