A: You might want to check your key. The issue you had here could be solved if you take the 8.1.0.19 that's listed in that thread. The steps would be to first remove any software updates you have installed (preferably via app store), then install the updates listed in that thread, and then reboot. If this didn't solve the issue, then you'll need to provide more information (e.g. screens and logs) /\* \* Copyright (C) 2010 Google Inc. United States Department of Education Education/About The United States Department of Education is the agency in the U.S. federal government with primary responsibility for the National Education Act of 1965. Enacted by Congress, the National Education Act established a consolidated Bureau of Education (later Bureau of Education and Labor) headed by the Secretary of Education. The Secretary of Education is appointed by the President with the advice and consent of the United States Senate. He or she heads the U.S. government's primary agency in charge of legislation on educational issues and oversees funds for the country's public schools. The department is located in the Old Post Office Pavilion in Washington, D.C. The first Secretary of Education was William J. Bennett. After Bennett, education was in the administration of the second Secretary, Shirley Hufstедler. From October 2000 to February 2001, the third Secretary of Education, Rod Paige was in charge. On July 1, 2000, responsibility of the office was shifted to the United States Secretary of Education. Under the authority of the Cabinet, the Secretary of Education is "the principal advisor to the President on policy related to education." In short, that means that the Secretary of Education is the head of the Executive Branch cabinet on which the President of the United States relies in most policy-related matters. Responsibilities of the U.S. Department of Education include federal oversight and control over K-12, higher education, vocational and technical education, and research and special programs related to education. In the administration of George W. Bush, the Secretary of Education under the authority of the President is Arne Duncan. He has been the Secretary since February 26, 2009. Under Secretary Joel Klein was responsible for policy development and oversight in the previous administration. Branding The U.S. Department of Education is known for its use of a yellow ribbon logo depicting the Education aspect of the department's name. History Much of the department's history revolves
