

kim kardashian biography- Early Life, Career, Relationship & Controversies

Kim Kardashian West is a global superstar, entrepreneur, fashion icon, and social media mogul. Kardashian West has become one of the most recognizable faces in the world with her works. She is best known for her reality TV show Keeping Up with the Kardashians, which follows the lives of her and her family. Let's find out more about **kim kardashian biography** from below.

Early Life

Kim Kardashian was born to parents Robert and Kris Kardashian on October 21, 1980 in Los Angeles, California. She is the middle child, with an older sister Kourtney and a younger brother Rob. Her mother had two other marriages before finally settling down with Robert, which resulted in Kim having four step-siblings. Growing up, Kim was always close with her siblings and the two eldest, Kourtney and Rob, were her best friends.

Kim went to Marymount High School in Los Angeles. She was an average student and was heavily involved in extracurricular activities such as dance and cheerleading. According to **kim kardashian biography**, she attended the University of Southern California to study business but dropped out a few years later to pursue a career in entertainment.

Career

Kardashian West began her career as a stylist and personal shopper for the likes of Lindsay Lohan and Brandy Norwood. She eventually rose to fame after a sex tape of her and then-boyfriend Ray J was leaked in 2007. The leaked video put Kardashian West in the spotlight and led to the launch of her own reality TV show, Keeping Up with the Kardashians.

One of the most notable things in [kim kardashian biography](#) happened after the show. It was an instant hit and spawned numerous spin-offs, such as Kourtney and Kim Take New York, Kourtney and Khloe Take Miami, and Khloe and Lamar. The show has been a mainstay in popular culture for over a decade and has made Kardashian West a household name. In addition to the show, Kardashian West has also become a successful businesswoman. She has launched multiple successful fashion and beauty lines, including her own clothing line, Kardashian Kollection, and her cosmetics line, KKW Beauty.

Another important part of **kim kardashian biography** is that she is also an active philanthropist. She has been involved in numerous charitable efforts, including raising money for those affected by natural disasters. In addition, she has launched her own charitable organisation, the Kardashian West Foundation, which focuses on empowering women and girls worldwide.

Relationship and Controversies

One of the most interesting parts of **kim kardashian biography** is her relationship with Kanye West. Kim Kardashian and Kanye West have been the talk of the town since the news of their relationship first broke out in 2012. They have since become one of the most talked about couples in the world and their every move is tracked by the media. Their relationship faced many controversies.

The sex tape, which was allegedly filmed without their consent or knowledge, quickly spread throughout the internet and caused a public outcry. The public outcry was especially strong when it was revealed that Kardashian and West were minors at the time the tape was filmed. This led to a legal battle between the couple and the company that released the video, with the pair eventually receiving a large monetary settlement.

The controversy surrounding the tape is one of the worst incidents of **kim kardashian biography**. It has been a source of contention between the couple and their respective fan bases for years, but it has also resulted in a heightened awareness of the issue of consent in regards to filming and sharing sexual content.
